Supporting Learners

- We provide targeted support for learners
 - ... those needing additional learning support, those with special needs; learners with safeguarding concerns; those learners experiencing forced marriage; victims of domestic violence; learners with drug related issues; those with welfare concerns such as homelessness; looked after children and learners with anger management issues
- Dedicated counsellor services, available to learners
 - ... across College including LDMS; mentors; learning support staff
 - ... providing opportunities for learners in line with the anger management model, which has been successful in supporting learners
 - ... developing resilience and wellbeing in learners, through a range of activities
 - ... including opportunities for learners to engage in activities that promote their physical, mental and emotional health

Learner Voice
